Thank you for choosing Blaine View Farm & Fiber Mill for your fiber processing. We are a small family owned farm that uses sustainable practices. We are committed to delivering a superior product with the client in mind.

IMPORTANT

We **DO NOT** offer skirting services.

Fiber can be rejected for any reason and is shipped back at the customer's expense. Rejection of fiber may happen for the following conditions: not skirted properly, significant vegetable matter, matting and/or tags present, presence of moth casings and/or eggs, or stored in mothballs. We are not able to process fiber with dandruff, lice, or scurf. We retain the right to reject fiber for other reasons not listed above.

Please **DO NOT** pre-wash your fiber. All fleeces must be washed in our facilities using our washing products.

Client Responsibilities

Skirt fiber before sending it for processing. Incoming weight determines processing charges, and proper skirting will help save you money. Fiber with minimal vegetable matter will result in a higher quality end product.

Schedule your processing by calling or emailing the fiber mill. A **50% deposit** is required before processing begins. We will invoice you for your deposit after your fiber is received and weighed prior to processing.

Pay final invoice upon fiber processing completion. No finished product will be delivered until balance is paid in full. After 30 days past due, the product will become property of Blaine View Farm & Fiber Mill.

Blaine View Farm & Fiber Mill's pledge to you:

Provide clear communication and information regarding pricing, product descriptions, and the best possible product available for your fiber.

Provide you the highest quality processing available for your fiber with accurate labeling.

Provide up-to-date processing information.

Maintain records of all processed fiber.
